PARTNER PROGRAMS:

White Label Partner/Distributor
Suitable for companies that are experienced software distributors or looking for tailored industry solutions. Benefits include ability to set own pricing and marketing strategy.

Value Added Reseller (VAR)
Ideal for IT or consulting companies ready to sell, implement and maintain business software solutions. Free training and access to large library of marketing materials.

Referral Partner
Suitable for any company in IT, service or consulting who would like to offer ERP solutions but who do not have the resources to focus on selling or implementation.

Integration Partner
HansaWorld is open to partnering with other software and/or hardware developers that have solutions that will complement our ERP software. Talk to us today about our API connectivity.

Service Partner
Suitable for hosting providers and companies with ERP implementation experience.
